

B - velocity + acceleration graphs

Level 1

What is this thing doing?

☒ ~~A~~ ~~not moving~~

☐ A moving at a constant speed

☐ B speeding up

☐ C slowing down

☐ D not moving

What is this thing doing?

☐ A moving at a constant speed

☐ B speeding up

☐ C slowing down

☒ D not moving

B₂

- Ⓐ moving at a constant speed
- Ⓑ speeding up
- Ⓒ slowing down
- Ⓓ not moving

- Ⓐ moving at a constant speed
- Ⓑ speeding up
- Ⓒ slowing down
- Ⓓ not moving

B

3

The following graphs depict an object that is either moving forward or not moving.

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

pick 2 choices

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

B
4

Ⓐ moving at a
constant speed

Ⓑ speeding up

Ⓒ slowing down

Ⓓ not moving

C - Kinematic Graph Connection

Level 2

On the next page are 11 kinematic graphs. please categorize them based on what type of motion they describe.

There are 4 groups of 3 graphs
One graph is utilized twice.

Category 1: Moving at a constant speed

Category 2: Not Moving

Category 3: speeding up

Category 4: slowing down
