

1 A

What is this thing doing?

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

What is this thing doing?

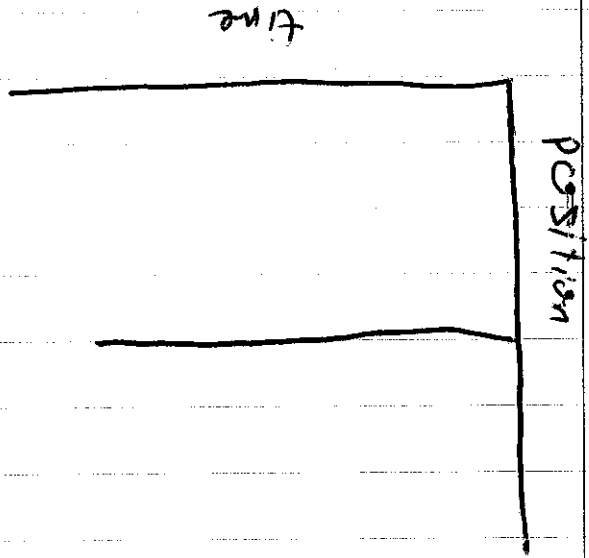

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

# A: Position Graphs + Motion Maps

Level 1

What is this thing doing?

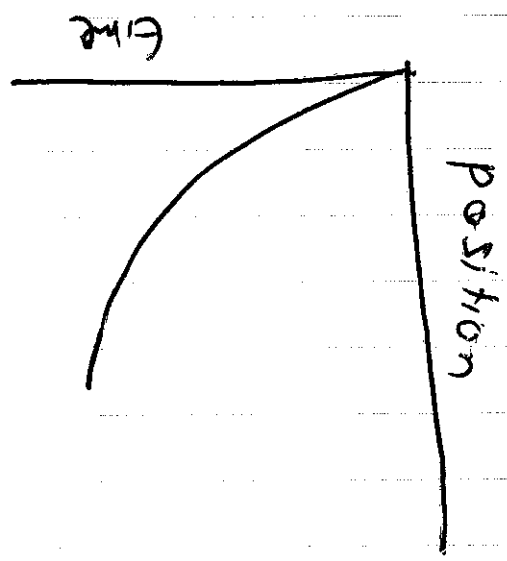

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

What is this thing doing?

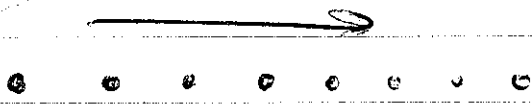

- (A) moving at a constant speed
- (B) speeding up
- (C) slowing down
- (D) not moving

3

A

Each of the following diagrams is created by drawing a single dot at the point where some object is each second

A moving at a constant speed

B speeding up

C slowing down

D not moving

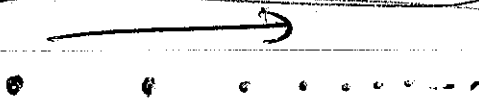

A moving at a constant speed

B speeding up

C slowing down

D not moving

- A moving at a constant speed
- B speeding up
- C slowing down
- D not moving

A moving at a constant speed

B speeding up

C slowing down

D not moving
